

LEO

design DARIA ZINOVATNAYA

LEO ha un'anima connessa alle avanguardie russe di inizio Novecento. Il gioco dei pieni e dei vuoti alleggerisce l'impatto visivo e attira lo sguardo a indagare le forme nel dettaglio. LEO ripercorre tratti tipici del Costruttivismo, alternando materiali fisici a materiali intellettuali, con un uso del colore che sconfinava liberamente verso una concezione suprematista.

LEO's soul is reminiscent of the early 20th century Russian avant-garde. The alternating full and empty spaces of the sofa lighten the visual impact and draw the eye to investigate the shapes in detail. LEO recalls the typical traits of Constructivism, alternating physical and intellectual materials, in which the use of color freely trespasses into a Supremacist conception.
