design LUCA ALESSANDRINI

BIXIB è liberamente ispirato al nome latino del baco da seta Bombyx Mori. Sedute che cambiano forma in base alla prospettiva dalle quali le si osserva: quel che frontalmente è simmetrico diventa liberamente organico al variare dell'angolazione.

BIXIB freely refers to the Latin name of the silkworm Bombyx Mori. BIXIB is a geometry of upholstered artefacts that change according to the perspective from which you observe them: what is symmetrical from the front becomes freely organic as the observation angle changes.
